

Date:29/Oct/2013 **Summit:**GW/NW-022 (Moel Eilio) **Call Used:**GW4TJC/P **Points:** 6 **Bonus:** 0

We parked the car at the end of the unclassified road, grid reference SH551599, by Chwarel Fawr (a rather unoriginal name for a quarry!). It is an easy route continuing on foot along the track and then turning right up the mountain.

At the summit is a large shelter with a smaller satellite. Due to the wind direction Jamie (MW6TJC) and I set up at the fence on the western, leeward side. We started with the 40-m inverted V.
